

Where to park & how to get to Care Concierge from the basement parking

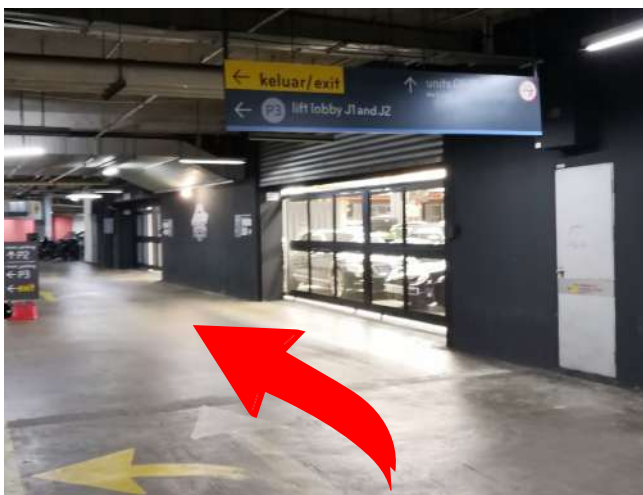

1. Enter basement parking from the parking entrance next to Aeon Big entrance.

Note: You are entering basement Level P2.

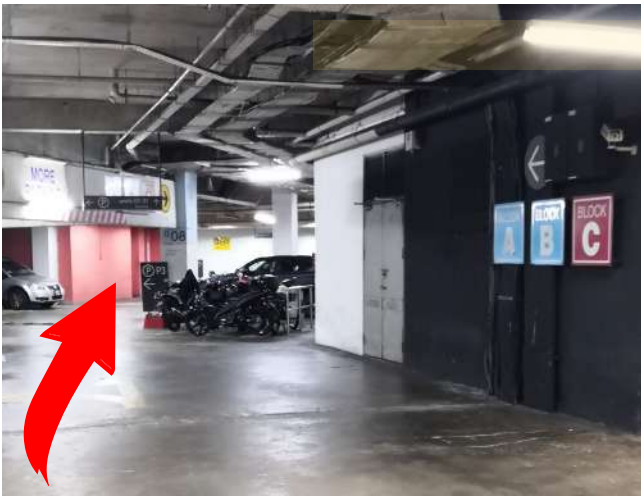

2. Follow the flow of traffic until you see a car detailing workshop (black walls) on your right. Turn right before the ramp up ahead.

Note: Before the workshop, there is a valet parking sign at the top right and a mall entrance on the left.

3. After turning right, you may park near the car detailing workshop (black walls).

4. You may also park further down from the workshop (near the red wall).

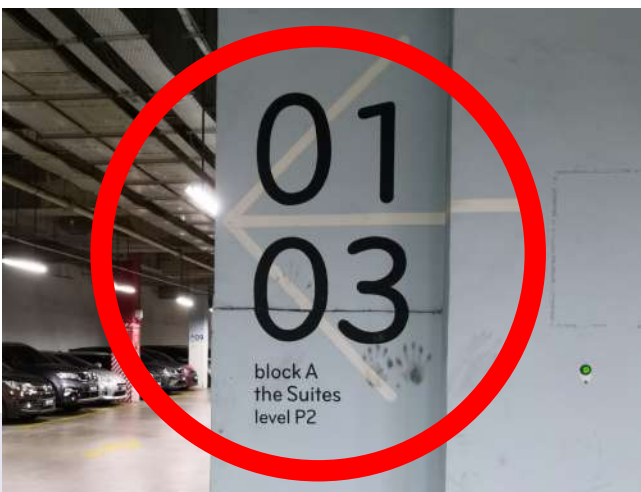

5. Alternatively, you can park along here (after the red wall on the left).

6. After the red wall on the left, you will see pillars that say 'block A'. You can park near these pillars. Look out for '01-03' on the wall for the lift to Care Concierge.

Note: parking spots near the lift may be full.

7. Take the lift inside this block's entrance to:
Level 5 - Care Concierge HQ
Level 3A - Care Concierge Clubhouse

Note: If you take a different lift, go to level P1 and walk towards CIMB Bank. The lift is right next to it.
