Holistic Senior Care, enhancing overall wellness

Active & Engaged

Our skilled occupational therapist has designed daily range-of-motion geriatric exercises to keep both the mind and body active in a calm, safe and relaxed environment.

Community Living

Enjoy companionship and community engagement all day long. Our Clubhouse is a safe, fun, and engaging place for our members to spend their day.

Specialised Care

A dedicated team of professional caregivers is happy to provide assistance when it comes to Activities of Daily Living (ADLs), medication monitoring, and recording of vital signs.

Meaningful Activities

We focus on activities that are meaningful to the seniors based on their individual physical and cognitive abilities, needs, interests, and skills.

Who will benefit from the Clubhouse

Semi-independent seniors, aged 60+, with:

- Physical limitations
- Cognitive decline such as early dementia, Parkinson's
- Social isolation or limited social engagement

Family caregivers looking for respite care
